

DINO TRAILS

GUIDED TOURS IN THE CROATIAN MOUNTAINS

SEASON 2026

HIKING PROGRAMME

Safety is our number one priority!

Introduction

Hi, I am Dino.

I seem to have reached my midlife crisis a little early. Fortunately, mine came with hiking boots instead of a sports car. I am a certified mountain guide, and I have spent the past five years leading people across the Croatian mountains. Mountaineering is not merely a hobby or a job to me. It is the passion that makes a 4:45 alarm sound almost reasonable, especially when a sunrise on the ridge follows it.

In my other life, I am a software engineer and an amateur composer. During the week I arrange code, in the evening I arrange chords, and at weekends I arrange a line of hikers. All three require a steady rhythm and a clear head. Only one usually ends with a sandwich on a summit.

I love cycling, a good view, and people who carry enough water. I hate teapots and heavy traffic. One whistles for no good reason; the other stands still for no good reason.

My plan: reach the summit safely, keep spirits high on the way, and return with a story worth taking home.

How to read this programme

Each trip gives you only what you actually need: a date, a departure time, and a photograph taken from the summit. I dropped the descriptions when I realised nobody reads them. Honestly, sometimes I did not read them either, and I was the one writing them.

A photograph will tell you more about the destination than three paragraphs of adjectives. I will not spoil the location in advance; let the first view be part of the journey.

ONE LAST THING

See you on the trail. Bring sturdy shoes, water, and a little curiosity.

A small note

I like hiding secret messages in my hiking programmes. Can you find it?

Trip #1

DATE

Saturday, 4 April 2026

DEPARTURE

07:00

Trip #2
